## Name Generator Instructions

This interface has a video with sound.

The video below has sound only in parts 1 and 2. Some content, but content that can contain formatting.

## PAGE HEADING

## Name Generator Instructions

## ITEMS

BLOCK SIZE	LARGE
TYPE	Text
CONTENT	<p>In this section I would like to <b>get an idea of the people who are a part of your life</b> in a number of different ways. I will be reading descriptions of ways that people may be involved in your life, or be important to you. These people might be friends, family members, sex partners, people you use drugs with, health care professionals, people who work in prisons/jails like clinicians, case managers, or guards, or other people you might know. You can name both adults and children. Also, you can name incarcerated people as well as people who are not incarcerated.</p> <p>While we understand the importance and influence of people in your life that are deceased or the role of God, this section of the interview will only collect the names of people who are alive at some point during the past 90 days. Finally, sometimes agencies are important in people's lives, but this section only focuses on the names of individual people. You can name an individual staff person at an agency.</p> <p>Please try to name everyone that fits the description as I ask these questions.</p> <p>We only want the person's first name and the first initial of their last name (e.g., John D. for John Doe). You can also use a nickname. Please note we are not contacting the people you name and all the information you tell us today will be kept strictly confidential.</p>

drugs**

## INTRODUCTION PANEL

## Substance Use and Treatment

This next section asks about substance use and treatment. We're going to ask you a few questions about each of the people you named in relation to their substance use and treatment.

FORM

VARIABLE	COMPONENT	PROMPT
 in_recovery	ToggleButtonGroup	Is this person in recovery or remission from substance use?
 mutual_support	ToggleButtonGroup	Has this person ever attended a mutual support group (also known as a self-help group such as AA/NA, SMART Recovery, Secular Organization for Sobriety [SOS])?
 substance_use_treatment_program	ToggleButtonGroup	Has this person ever attended a substance use treatment program?
 prescription_for_opioid_treatment	ToggleButtonGroup	Has this person ever been prescribed a medication for the treatment of an opioid use disorder? This includes medications such as extended-release injectable naltrexone (i.e., Vivitrol®, also known as “the shot”), buprenorphine [i.e., Suboxone®), or methadone.

INTERVIEWER SCRIPT

21

## Discuss Substance Use Treatment

SUBJECT

Person

VARIABLES

frequency\_discuss\_substance\_use

### PROMPTS

1. In the **past 90 days**, how often have you **discussed** substance use treatment with each person?

VARIABLE

frequency\_discuss\_substance\_use

### INTERVIEWER SCRIPT

22

Future

SUBJECT	<div><div></div>Person</div>
VARIABLES	future

PROMPTS

1. Who do you think will be a part of your life in the future?

VARIABLE	<div><div></div>future</div>
----------	------------------------------

This interface has a video with sound.

The video below has sound and is a portrait video. Some content may be cropped that can contain harmful content.

## PAGE HEADING

## Sociogram Information

## ITEMS

BLOCK SIZE	LARGE
TYPE	Text
CONTENT	<p>For our last question, please think about the <b>relations between all of the people you told me about today</b> that are a part of your life. Some of them may be total strangers in the sense that they wouldn't recognize one another if they bumped into each other on the street. Others may know each other through you, but wouldn't talk to one another if you weren't around.</p> <p>We want to know which of the people you've named <b>talk to one another</b>, even when you aren't around. Meaning, even if they know one another because of you, they have their own relationship where they might talk or spend time together even if you aren't with them.</p> <p>On the next page, you'll first be asked to <b>place each person you named on the screen</b>. Then, you'll be asked to think about each pair of people, and indicate <b>whether or not they talk to one another</b>.</p>

## INTERVIEWER SCRIPT
